BRIGADE

PRE UNIVERSITY COLLEGE FOR
SCIENCE AND
COMMERCE

The College is coming up in 2acres of land at the most appropriate calm place nearly around 3Km from the bus stand in Hassan City limits. Brigade College is a blend of technology and knowledge to impart excellence in student's career. The college is managed by "Sri Saniddhya Eduactional Trust", and affiliated to Karnataka Pre University Board and CISCE New Delhi. The college offers I and II Pre – University courses for both Science and Commerce in different combination and subjects parallel with competitive exam courses.

**SRI H.D. DEVEGOWDA EDIFICE, MANACHANAHALLI GATE,
BELUR ROAD, HASSAN-573 213**
Mob : 9071736939, 9071736931

- * Board, CA – CPT, ICAI, AIEED, SSC, CLAT, LSAT etc....

PEDAGOGY AND ASSESSMENT :

The College lays a strong emphasis on discipline and hence has a strict attendance policy. The College conducts weekly tests where the students learn and practice the answers to the most likely questions in the final exams. This would comprise both, objective and essay type answers. The parents will receive the weekly reports on attendance and tests via SMS. The test and exam is managed by separate examination section head by the chief librarian. Printed Notes will be given for all subjects. Study hours are as important as the classroom hours and the students study the portions taught in the class under the supervision of teachers who are there to help the students to resolve any difficulties on the spot.

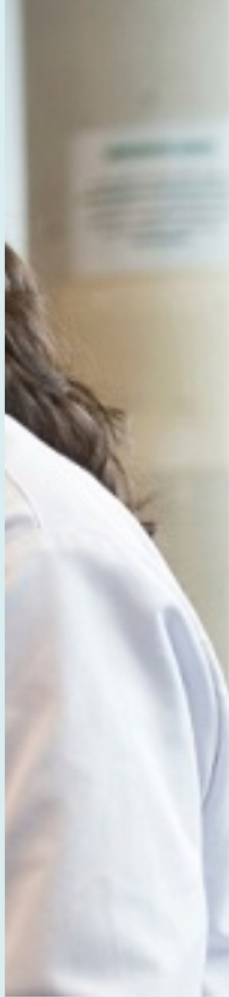

AMENITIES:

Laboratories:

Laboratories in PHYSICS, CHEMISTRY, BIOLOGY and COMPUTER SCIENCE are well equipped, well designed and highly resourceful. Each student is given adequate time and resources to conduct the experiments. The laboratory staff pays individual attention and the faculty is continuously available for guidance. What is more important is that our labs are not crowded thus enabling us to focus on the performance of each student.

Classrooms:

Classrooms are spacious and designed optimally for the best academic experience. 'Seeing is believing' is our underlying philosophy. Each of our classrooms is equipped with audio visual tools so that the students can be offered an animated and visual demonstration of the scientific concepts. Using the best software and applications, the class essentially is exposed to the best videos and demonstration based on the curriculum. This is followed by extensive discussions and problem-solving.

ACADEMICS

Experts from
Mangalore & Mysore

शुद्धवान लभते ज्ञानं “Hard work is the only sure-shot way to success” is the mantra here. A serious attitude towards studies matters a lot more than mere talent.

Resource:

- In house Expert Lecturers from Mangalore and Doctorates(PHD's) from reputed premiere institutions like IISC, NIT – K
- Periodic invited talks from popular skilled professionals.
- Engineering entrance coaching by true **IITians**
