Executive Ship Management (ESM) is a premier management company valued by its clients and partners in the industry for its high end professional expertise and services. It is headquartered in Singapore with offices in 11 cities across the world.

As a trusted and dependable manager, ESM offers a holistic package of ship management services that includes a keen eye on the budget and cost optimization through intervention of technology for its Ship owners. ESM commits that the crew sailing the company managed ships is recruited and appropriately trained in-house. Each crew member, be it an officer or a rating is put through rigorous ship specific training regime at its training centre, Samundra Institute of Maritime Studies (SIMS). Over 80% of the ESM managed ship's officers are from cadets trained in-house at SIMS and soon the Company is envisioned to be uniquely positioned to run its entire managed fleet by officers trained since cadetship.

With an equally formidable and expert shore based technical and marine team, ESM is well regarded in the industry for its expertise, be it tankers (chemical, crude and product tankers) , dry ships (bulk carriers, containers) as well as wide range of gas carriers. We ensure all vessels including the tankers under our management meet the commercial, technical and crewing requirements and efficiently run at all time to the satisfaction of the owners and charterers.

Executive Ship Management is one of the core establishment and genesis for the founders of the Executive Group of Companies which comprises of six other Marine Services related Businesses.
