Impact of your Giving in 2023

Director's Message

Prof. Kamakoti Veezhinathan
Director, IITM

Greetings!

IIT Madras continues to retain her top position for the eighth consecutive year, in the National Institute Ranking Framework, thanks to the world-class research of its faculty and students. The contribution and support of *Alumni and well-wishers like you* has crucially helped this standing and stature. Our achievements in research, education, innovation and entrepreneurship have also earned us the recognition of an 'Institute of Eminence' as well as the top position in the Atal Innovation Ranking from the Government of India.

The institute is making an indelible mark with her '*research with impact*' in several areas including quantum computing, drinking water technology, industrially relevant mathematical models for governance, rendering cancer-cure more effective. Our centres of excellence, the Center for Innovation, Nirmaan – the pre-incubator, the Incubation Cell, technology centres such as '*IITM-Pravartak*' and others, work in unison for not just our nation's building, but societies *world-wide*. We aspire to be locally impactful and globally relevant through all these efforts.

Towards exploring new research frontiers, a Department of Medical Sciences and Technology has been launched to conjoin medicine and engineering. Similarly, a School of Sustainability is on the horizon to research sustainable practices in the Global South. The campus is moving towards 'carbon-net-zero' goal through water conservation by 100% recycling, efficient garbage disposal, and electrification of vehicles. The traditional education system is undergoing a paradigm shift, with our online Bachelor of Science programme in Data Sciences and the National Program of Technology Enhanced Learning, that have won Gold in the 'Lifelong Learning' category and Silver in the 'Best Online Program' category of the Wharton-QS Reimagine Education Awards 2022 respectively. IIT Madras is leading this revolution from the front.

Such achievements are not possible without the deep-rooted faith and support of alumni and well-wishers such as yourself. We are indebted to you for your generous, bountiful, and impactful contributions. On behalf of IIT Madras, I offer you our deepest gratitude for continuing to strengthen the Institute. Together with your support, we are confident of building an IIT Madras that is more inclusive, diverse, and enabled by an ecosystem to be nationally relevant and globally recognised. Thank you!

Dean's Message

Prof. Mahesh Panchagnula
Dean, Alumni & Corporate
Relations, IITM

Greetings!

I express my heartfelt gratitude to you for your generous support to IIT Madras. We appreciate your passion in supporting the causes you do and I assure you that your contributions will be optimally utilized. This report has been compiled to convey how your largesse has touched lives and made a difference at IIT Madras. In keeping with the rapid, contemporary strides in science, technology we have set ambitious goals for ourselves - your continued enthusiasm and support will help us greatly in these endeavors.

IIT Madras is far more diverse in its set of pursuits, more green and more research-focused. And yet, it remains unchanged over these years, it is still the best Institute in the country, and attracts the best students that India has to offer to come and make a mark. I also cordially invite you to visit your campus to see for yourself, the impact of your contribution, and the growth and transformation the Institute has undergone over the years.

We can never express our gratitude enough for all that you have done - Thank You!

I and my family is very thankful to you. While the fee of higher education is very high, it is very encouraging to receive scholarship from you.

I being the child of a single parent, feel burdened when I look at my parent's financial struggle. The institute's high fee adds to the burden. Some people are also of the opinion that it would be a lesser burden if I study in a local university. The scholarship received from you is both encouraging and burden-relieving. I hereby heart-fully thank you sir.

"It has made a tremendous impact on my educational journey, providing me the necessary financial support to pursue my studies without the excessive burden of Capital.

It has also opened me some opportunities to learn and participate in some workshops and events that I wish to pursue.

Thanks to the scholarship, I'd like to express my deepest gratitude to the owners who made the girish reddy scholarship possible. Your unwavering support has empowered me to fulfil my potential and pursue my dreams."

"I received the Teaching Assistant Recognition Award (TARA) for my performance as a Teaching Assistant in the previous semester. It was quite a pleasant surprise to know that I am rewarded for my dedication and hard work in this role. TAs are a very important part of the course and can make an incredible difference to the way knowledge is transferred. I would like to thank you for creating this award that promotes this culture and thereby effectively making IIT Madras a better institute."

1977 Batch Ruby Reunion Fund – Forecourt in front of New Academic Complex

Thanks you to the batch of 1977 for enabling the entire forecourt in front of the New Academic Complex. Every time we look at the forecourt in front of the New Academic Complex, we remember the footprints left behind by Class of 1977. We at IIT Madras have witnessed many batches arriving and moving are incredibly proud and also happy to testify unique footprints left by so many of you. Individually, each of you have made a difference to this Institute. Furthermore, even to all exceptional students who join this prestigious Institute in the country.
