

Celebrating the Generosity of

INDIAN INSTITUTE OF TECHNOLOGY MADRAS
OFFICE OF ALUMNI AND CORPORATE RELATIONS

Mr. Vijay Tella

Impact of your Giving in

2023

Prof. KAMAKOTI VEEZHINATHAN
Director, IITM

Greetings!

IIT Madras continues to retain her top position for the eighth consecutive year, in the National Institute Ranking Framework, thanks to the world-class research of its faculty and students. The contribution and support of Alumni and well-wishers like you has crucially helped this standing and stature. Our achievements in research, education, innovation and entrepreneurship have also earned us the recognition of an 'Institute of Eminence' as well as the top position in the Atal Innovation Ranking from the Government of India.

The institute is making an indelible mark with her 'research with impact' in several areas including quantum computing, drinking water technology, industrially relevant mathematical models for governance, rendering cancer-cure more effective. Our centres of excellence, the Center for Innovation, Nirmaan – the pre-incubator, the Incubation Cell, technology centres such as 'IITM-Pravartak' and others, work in unison for not just our nation's building, but societies world-wide. We aspire to be locally impactful and globally relevant through all these efforts.

Towards exploring new research frontiers, a Department of Medical Sciences and Technology has been launched to conjoin medicine and engineering. Similarly, a School of Sustainability is on the horizon to research sustainable practices in the Global South. The campus is moving towards 'carbon-net-zero' goal through water conservation by 100% recycling, efficient garbage disposal, and electrification of vehicles. The traditional education system is undergoing a paradigm shift, with our online Bachelor of Science programme in Data Sciences and the National Program of Technology Enhanced Learning, that have won Gold in the 'Lifelong Learning' category and Silver in the 'Best Online Program' category of the Wharton-QS Reimagine Education Awards 2022 respectively. IIT Madras is leading this revolution from the front.

Such achievements are not possible without the deep-rooted faith and support of alumni and well-wishers such as yourself. We are indebted to you for your generous, bountiful, and impactful contributions. On behalf of IIT Madras, I offer you our deepest gratitude for continuing to strengthen the Institute. Together with your support, we are confident of building an IIT Madras that is more inclusive, diverse, and enabled by an ecosystem to be nationally relevant and globally recognised. Thank you!

Dean's message

Greetings!

I express my heartfelt gratitude to you for your generous support to IIT Madras. We appreciate your passion in supporting the causes you do and I assure you that your contributions will be optimally utilised. This report has been compiled to convey how your largesse has touched lives and made a difference at IIT Madras. In keeping with the rapid, contemporary strides in science, technology we have set ambitious goals for ourselves - your continued enthusiasm and support will help us greatly in these endeavours.

IIT Madras is far more diverse in its set of pursuits, more green and more research-focused. And yet, it remains unchanged over these years, it is still the best Institute in the country, and attracts the best students that India has to offer to come and make a mark. I also cordially invite you to visit your campus to see for yourself, the impact of your contribution, and the growth and transformation the Institute has undergone over the years.

We can never express our gratitude enough for all that you have done - Thank You !

Prof. MAHESH PANCHAGNULA
Dean
Alumni & Corporate Relations, IITM

**"GIVING IS NOT JUST ABOUT
MAKING A DONATION -
IT'S ABOUT
MAKING A DIFFERENCE"**

Mr. Vijay Tella

1986/BT/CS

Mr Vijay Tella, Co-Founder and CEO of Workato (an enterprise automation platform that helps organizations work faster and smarter without compromising governance and security) is a successful professional and a cloud computing expert. His diversified professional experience enables him to work more towards innovation. Mr. Vijay is a cloud computing and automation expert and has led the creation of market-leading integration technologies for over 25 years.

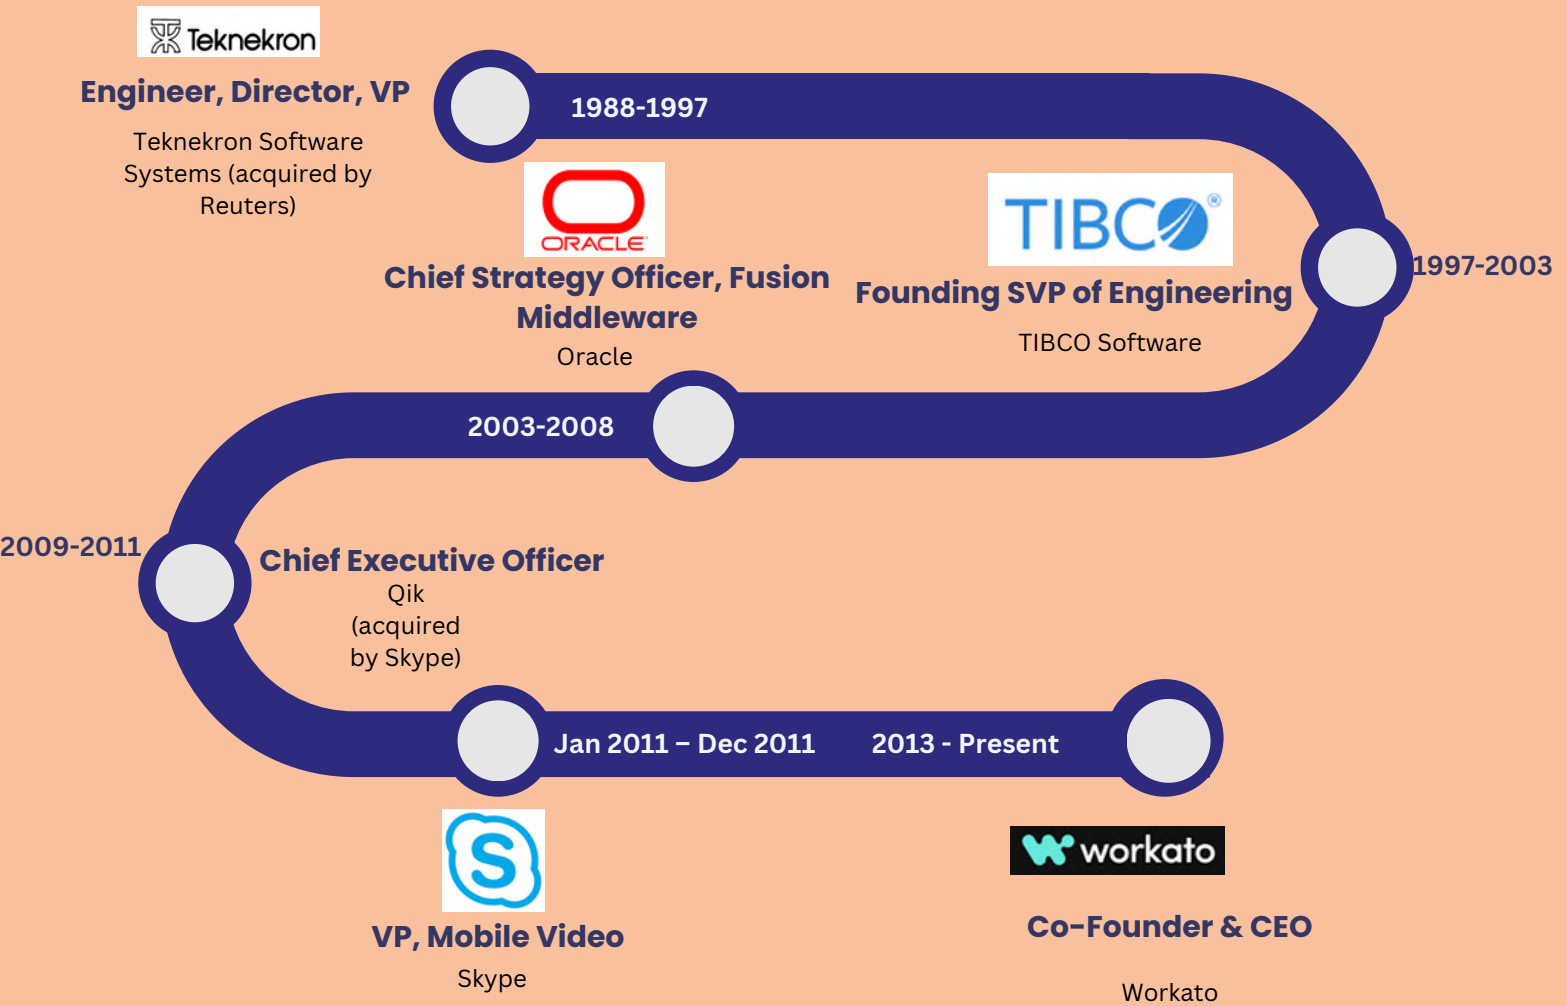

He is also the trustee of Ballet San Jose (an institution that offers ballet classes to children and adults). He started his career as an engineer at Teknekron and then became the company's Vice President. He also worked in various prominent companies. He has wide interests in cloud computing, automation, and digital transformation.

He graduated with B.Tech in Computer Science from IIT Madras in the year 1986 and went on to do his Master of Science in Computer Science at the University of California, Los Angeles.

Mr. Vijay has also authored a book named ***"The New Automation Mindset"*** along with two other co-authors which will be released during August, 2023.

CAREER TRAJECTORY

CAUSES CONTRIBUTED

1986 Batch Project – CSIE

COVID-19 Relief for India

1986 BATCH PROJECT - CSIE

The Centre for Social Innovation and Entrepreneurship (CSIE) was founded in August 2010.

CSIE mainly aims at entrepreneurship and innovation that will positively impact and solve the problems & challenges faced by financially poor people. It helps to apply the principles and guidance used by startup founders and entrepreneurs to a business that directly generates social change or impacts a social cause.

This year the CSIE staff visited Chennavaram, Raman Koil village on 14th May 2023 to meet the villagers of Raman Kovil to initiate entrepreneurial activity. An initial meeting was held with the women of the village in the month of February 2023, which helped to assess the location and have an understanding of the interests of the women in becoming entrepreneurs.

Beneficiaries of the Project:

Ms. Gowri –First beneficiary, 55 years old, requested to support her in opening a small canteen. She is a widow and lives with her unmarried son. He works in a company and she finds it challenging to manage the family with only his income. She is thankful that she has received timely help through the CSIE-IITM project when she is in need.

Ms.Sasi, 40 years old, second beneficiary is from the lower socio-economic strata, she works in the MGNREGA scheme and actively participates in cleaning and maintaining the temple. She was also interested in additional income generation sources and requested Pooja item products to sell on the temple premises. The team provided products worth Rs. 7100 in three portions as storage of products in one go is not possible in this location.

Ms.Manjula our third beneficiary, 38 years old, requested a tailoring machine as she is trained in tailoring. She had a tailoring machine a few years back but could not afford a new one due to her family situation. As per the request she was supported with a tailoring unit. She is thankful for the help she received through CSIE.

Ms.Clara our fourth beneficiary, 50 years old, requested a tailoring unit as she is trained in tailoring. She is a widow and was finding it difficult to run daily errands in the family. As per the request she was supported with a tailoring unit. She is overwhelmed by the help received through CSIE.

Support to Temple:

Toilet and Shed Construction – The people were not able to complete to construct the shed due to lack of proper funding. The women in the village requested a toilet near the temple when CSIE staff visited them in February. The base for the toilet has been laid and the materials have been procured with the CSIE initial fund release. Now the cost is expected to be on a higher side than requested. The VAO and the Panchayat leader have requested another 20,000/- to complete the toilet construction. The CSIE staff will discuss this with the Project Coordinator and act upon his decision.

COVID-19 RELIEF FOR INDIA

The COVID-19 pandemic became an emerging global health crisis and required the best of our efforts to overcome it. The sudden outbreak of the pandemic had already created an enormous medical and financial burden shattering many lives.

The second wave of Covid 19 immensely affected the public's mental health and well-being in a variety of ways, including isolation and loneliness, job loss and financial instability, and illness and grief. Many organizations, institutions, and individuals came forward to support the nation both financially and socially.

Glimpses of the contributions:

» IIT Madras handed over **200 oxygen concentrators** to the **Government of Tamil Nadu**.

IIT Madras launched a campaign to raise funds for supporting various causes. The Institute exceeded its goal of raising \$1 million in 48 hours. Overall IIT Madras Alumni and other well-wishers have come together and raised more than \$2 million.

Below are the causes for which the funds were used:

1. Purchase of Oxygen cylinders, BiPAP machines, Injections, and Medicines
2. Healthy meals for students who were stranded in the institute during covid.
3. Financial help to more than 150 Ph.D. scholars to pursue their research without any constraints.

Donated BiPAP units, Injections and medicines

Contributed **200 oxygen concentrators** (10 litres each) to the **Government of Karnataka**.

Contributed **200 oxygen concentrators** (5 litres each) to the **Government of Telangana**.

Provided **healthy meals** to students who were stranded during Covid pandemic with the help of a nutritionist. Arrangements were made to serve paneer, banana, and eggs as optional extras.

Contributed **1000 units of covid medicines** to Sri Venkateswara Institute of Medical Science (SVIMS), Chittoor

Financial support was provided to **Ph.D. scholars as stipend**. This helped them to carry out their research without hindrance.

Gratitude notes from some of the Ph.D. scholars

Ajay A P

"I wish to thank all the donors from the bottom of my heart. The relief provided helped me look after my family during that nightmare phase and thereby focus on my research more"

Sunny Sharma

"I am really appreciative of the assistance received from my alumni during my most difficult time. I'm hoping that someday I'll be in a position to help out my fellow students"

Bhadra Hrishikesh

"The pandemic was a tough period for all of us. And it is very stressful for scholars especially when they are on the final stage and the stipend period has ended. I am very grateful to the alumni and non alumni members who contributed in supporting scholars like me. You are inspiration to us by making us understand the importance of giving back to our community"

Dipanjan Majumdar

"I would like to express my sincere gratitude to all the alumni and non-alumni donors for generously donating towards the cause of Covid-19 relief with which we were supported with our stipend. I wish to prolong my appreciation to all who worked behind to make the entire process work smoothly. The financial support from you helped me greatly"

Memories you can be nostalgic about...

Computer Science block in 1980s

Gajendra Circle and the Admin Building in 1980s

A live performance at Mardi Gras during 1986

Silver Jubilee Year 1983

Inauguration of the Computer Centre in 1973

Then and Now

We are grateful to you

Mr. Vijay Tella

We express our heartfelt gratitude for your continued and generous support to IIT Madras throughout the years. We trust that you take great pride in your bond with IIT Madras and the unwavering dedication it has demonstrated towards academic and research excellence since the time of your association.

Your invaluable contributions, alongside the support of your family, have played a pivotal role in facilitating this remarkable growth. We are privileged to have you and your family walking with us along this journey. We extend our best wishes to you and your family. We thank you for your continued support to your alma mater.
