CONVOCATION AWARDS & PRIZES REPORT 2024

MESSAGE FROM DIRECTOR
PROF. KAMAKOTI VEEZHINATHAN

Greetings!

IIT Madras continues to retain her top position for the *ninth* consecutive year, in the National Institute Ranking Framework, thanks to the world-class research, unwavering dedication and creative mindset of its faculty and students. The contribution and support of Alumni and well-wishers like you have crucially helped this standing and stature. Our achievements in research, education, innovation, and entrepreneurship have also earned us the recognition of an ‘Institute of Eminence’ as well as the top position in the Atal Innovation Ranking from the Government of India.

IIT Madras is making an indelible mark in promoting and providing education to students from the length and breadth of India to areas beyond Indian territory, through her initiatives in rural developmental educational programs, international, interdisciplinary M.Tech courses, and online diploma courses. The popularity and reach of our online courses can be gauged by the fact that around 25000 students in ages ranging from 17 to 82, have enrolled for these courses across national boundaries, and about 30% are from rural India. The institute, in a first-ever initiative by an IIT, has consolidated its position on the world map by establishing her international campus in Zanzibar, Africa where about 45 students have been admitted to different programs.

Innovation and entrepreneurship are ingrained in all our endeavours – our ambitious ventures in rocket and space explorations, the development of lab-grown diamonds, hyperloop, the Brain Research Centre etc, are a testimony to this. The start-up ecosphere is also a reflection of this spirit, wherein last year, 70 startups came to fruition, successfully nurtured by our centres of excellence, the Centre for Innovation, *Nirmaan* – the pre-incubator, the Incubation Cell, technology centres such as ‘IITM-Pravartak’ at the IIT Madras Research Park and others. This year, our target is to incubate at least a 100 Start-ups in various sectors. It is expected that at least 20% of the passing out students will be proud CXOs of their own ventures! The year 2023 also saw 221 national and 105 international patents from our Institute and we are looking to closing this current financial year with 366 patents, to account for ‘*a patent a day*’.

Towards promoting inter-disciplinary research and exploring new frontiers, a Department of Medical Sciences and Technology was launched in May 2023, a School of Sustainability in Oct 2023, a Department of Data Science and Artificial Intelligence in Nov 2023 and a new Interdisciplinary Dual Degree program on Quantitative Finance in Dec 2023 through the synergy of the departments of Management Studies, Computer Science and Engineering and Mathematics. Our School of Sustainability has signed MoUs for collaborations with Tel Aviv University, Israel and Technische Universität Dresden, Germany, with the aim of being recognized as a leader for sustainability teaching and research in the global south.

Lofty ambitions and achievements are impossible without the deep-rooted faith and support of alumni and well-wishers like yourself. We are indebted to you for your bountiful, impactful contributions and the faith reposed on us. On behalf of IIT Madras, I express my deepest gratitude for continuing to strengthen the Institute. Together with your support, we are confident of building an IIT Madras that is more inclusive, diverse, and seized of tomorrow's needs to be nationally and globally relevant.

Thank you!

MESSAGE FROM DEAN, ALUMNI AND CORPORATE RELATIONS

PROF. ASHWIN MAHALINGAM

Greetings from the Office of Alumni and Corporate Relations!

I extend our deepest gratitude on behalf of IIT Madras for your generous contributions towards Awards and Prizes. Your unwavering support is instrumental in shaping the success of our students, while also benefiting the broader community. Together, we are advancing academic excellence and driving societal impact.

The awards and prizes funded by you have become an integral part of our student's journey, not only as financial support but as a beacon of encouragement. These recognitions serve to motivate our students to push boundaries and strive for greater achievements. Many of these students have expressed how these accolades have given them confidence and inspiration to take on bigger challenges, whether in academics, research, or entrepreneurial ventures.

Your partnership aligns perfectly with our vision of **#IITMforAll**. By investing in our students, you're not only contributing to their success but also helping to drive innovation and economic growth. We look forward to continuing our collaboration and building on the positive impact we've achieved together.

We hope to build on this strong foundation with your ongoing support as we continue our mission. Your generosity is vital to sustaining our momentum and maintaining IIT Madras' role as a leader in education and research. We kindly invite you to continue supporting our endeavours, ensuring that future generations can thrive and make a meaningful difference in the world.

This report, thoughtfully compiled by the Awards and Prizes team, showcases the impact of your generosity. It reflects how your contributions have touched lives and helped shape the future at IIT Madras. Much gratitude and thanks for your continued support!

Criteria: Award for two deserving research scholars and their guides. 1. Cash award of Rs.25,000/- per scholar. 2. Rs.25,000/- will be Credited to the PCF A/C of respective faculty guide. 3. If there is a Co-guide for a scholar, Rs. 25,000/-should be shared between the guides equally.

ADITHI K
BT18D700

Voice of the Awardee

I am grateful to receive the KR Award this year. I extend my deepest gratitude to the donor for instituting such an award that excites and drives research scholars to take up and solve pressing research problems. An encouragement of this kind has truly promoted the importance of quality research with diverse applications and idea presentations. I believe that the donor's contribution will definitely continue to instigate young minds and recognize excellent research projects, further bolstering their confidence and their passion towards science.

Test of Time Revenue Generator Award

The inventor who generated maximum cumulative revenue for the technology transfer/licensing of technology (Patents) during the previous 5 years (2018 – 2023) gets the award.

Dr. Krishnan Balasubramanian Biography:

Prof. Krishnan Balasubramanian's research interests include Ultrasonics and acoustics, structural health monitoring, micro and nano imaging, nondestructive evaluation, materials characterization and wave propagation.

Dr. Krishnan Balasubramanian
Professor,
Department of Mechanical Engineering

Voice of the Awardee

I am immensely grateful for receiving the JC Bose award. This recognition has encouraged and motivated us to pursue further innovations and make significant advancements in our field. Your support has not only validated our efforts but also inspired us to strive for excellence in our future endeavors.

DR. YBG VARMA AWARD FOR TEACHING EXCELLENCE IN CHEMICAL ENGINEERING

Donor: Ms. Usha Y. Ramakrishna

Criteria: Awards consist of 1. A Silver medal with gold Plating 2. Cash award - Rs. 30,000
3. Certificate for the best faculty in the department of Chemical engineering.

Dr. Jithin John Varghese
Associate Professor
Department of Chemical Engineering

Prof. Jithin John Varghese Biography:

Dr. Jithin John Varghese obtained his PhD from Nanyang Technological University Singapore in 2017 under the supervision of Dr. Samir H Mushrif. After post-doctoral studies in the Cambridge Centre for Advanced Research and Education in Singapore, he joined the Department of Chemical Engineering at the Indian Institute of Technology Madras in 2018 where he is currently working as an Associate Professor. He leads the Computational Catalysis Group where research activities are primarily revolving around computational heterogeneous catalysis for sustainable production of fuels and chemicals from carbon dioxide, natural gas and biomass-derived feedstock. The group is also interested in computational design of materials for capture and separation of carbon dioxide. The group adopts a bottom-up approach to catalytic reaction engineering by deriving molecular insights on the physico-chemical phenomena determining catalytic reaction rates and product selectivity using electronic structure-based simulations within the framework of Density Functional Theory and molecular dynamics simulations. Dr. Varghese also has experience in commissioning and operations of the High Density Polythene unit of Indian Oil Corporation Limited (2008–2012).

Criteria: This prize was established in 2002. One student from B. Tech/Dual Degree/M.Tech/MBA/M.Sc. and one scholar from M.S./Ph.D. programme will be awarded Bhagyalakshmi and Krishna Ayengar Award for the best project in the Convocation. The selected students/scholars will share the award amount of Rs.30,000/-. The teacher(s) who guided the Project/ Thesis will share the award of Rs.30,000/- and the same will be given at the Institute Day and Rs.60,000/- will be shared by the Concerned departments for having provided resources for the team involved in the awarded project.

- *Sairam S*

Voice of the Awardee

I would like to thank the donor of prize money for an Alumni Award for Outstanding TA in Chemical Engineering, which is the gratitude and appreciation towards one's dedication toward teaching. The prime reason for me to do higher study and Ph.D. is I love teaching, and in today's world teaching is becoming a secondary thing then earning money. However, the donor has chosen the most important skills to nurture by appreciating and recognizing the efforts taken by someone. If we need to build better tomorrow for India and the world at large, we have to recognize teaching as an efficient and powerful profession. I want to thank the donor from the bottom of my heart, for working towards the bigger Goal to make India sustainable. Thanks once again for giving me this award and I wish you all the best for all the future recipients of this glorious award.
