

JANUARY 2025

ENGINEERING DESIGN DEPARTMENT DEVELOPMENT FUND

REPORT

2024

Alumni & Corporate Relations
Indian Institute of Technology Madras

A number of alumni from the Engineering Design Department have made generous contributions towards its development. This report outlines how the funds provided by these donors have been utilized to support and enhance the growth of the department.

The Department Development Fund (DDF) is typically utilized for acquiring a variety of miscellaneous items for the department, including furniture, equipment, and PCs, and for providing salaries to the department's project staff. Due to the diverse sources from which the DDF account receives funds, all contributions are consolidated and allocated towards the aforementioned purposes.

Thank You

We would like to take this opportunity again to express our heartfelt gratitude to all those who made benevolent contributions towards the growth and development of IIT Madras.
