REPORT - 2026

CHIEF GUEST

DR. V. ANANTHA NAGESWARAN

Chief Economic Advisor to the Government of India

DIRECTOR'S MESSAGE

Prof. Kamakoti Veezhinathan

Director, IIT Madras

Greetings!

At IIT Madras, impact is not incidental, it is intentional. Over the past year, the Institute has advanced meaningfully across education, research, innovation, and global engagement. Much of this progress has been strengthened and accelerated by the enduring partnership of our supporters.

Your generosity has enriched the student journey in tangible ways—expanding access, recognising diverse forms of excellence, and enabling young minds to pursue bold aspirations. Through scholarships, academic initiatives, and enhanced learning environments, philanthropy has helped us build an ecosystem where talent can thrive without constraint.

Your contributions have also played a catalytic role in advancing research with societal relevance. From cutting-edge infrastructure to interdisciplinary centres and deep-tech entrepreneurship, your support is helping translate knowledge into solutions that address national priorities in healthcare, sustainability, energy, mobility, and digital transformation.

As IIT Madras expands its global footprint, we remain anchored in our core purpose: to serve society through knowledge and innovation. This Impact of Giving Report reflects the collective power of that shared vision. On behalf of the Institute, I extend my sincere gratitude for your trust and partnership in shaping an IIT Madras that is inclusive in spirit, excellent in action, and enduring in impact.

Thank you!

DEAN'S MESSAGE

Prof. Ashwin Mahalingam,
Dean, Alumni and Corporate Relations, IITM

Greetings from the Office of Alumni and Corporate Relations!

Over the past decades, the Institute has undergone a remarkable transformation—from a place known primarily for excellence in engineering education to one of the most innovative institutions in the country. From cutting-edge Centres of Excellence and new interdisciplinary departments to vibrant sports, cultural, and wellness programmes, the campus has grown in both scope and spirit. A significant share of the credit for this growth belongs to our extended community of supporters.

We are now on a mission not only to be the best in India, but to be counted among the leading universities in the world. The first phase of the Institute's journey represented a world-class teaching institution. The second phase has seen our evolution into a research powerhouse that competes with the best globally.

We are now progressing towards a new phase—an institution that will be a global leader in scientific thought and innovation. The Institute continues to attract some of the most talented students in the country, and the wider community of well-wishers plays a vital role in ensuring a level playing field for every learner. Whether it is financial support for deserving students, travel grants that open doors to the world of research, or backing for entrepreneurial ventures, this support empowers students to pursue aspirations that once seemed out of reach.

The Institute also continues to shape technologies and ideas that define the future. From agri-tech and cancer research to advances in AI and beyond, we bring together fundamental scientific discovery with the development of socially impactful solutions at scale. Cutting-edge research and transformative learning flourish in environments equipped with state-of-the-art infrastructure, and we are committed to building and sustaining such spaces where students and faculty can live, learn, and innovate.

None of this would be possible without the steadfast encouragement and partnership of our alumni, industry partners, and philanthropic supporters. I extend my heartfelt gratitude for this continued commitment and look forward to walking alongside you as we co-create the Institute's next chapter. I firmly believe that our journeys are deeply intertwined, carrying forward a shared legacy of excellence, innovation, and purpose.

Tomorrow's world will be very different because of the work that happens here—and, as always, we will reach that future together. Wishing you success in all your endeavours.

Celebrating Excellence at IIT Madras

At IIT Madras, recognizing academic excellence and rewarding students, research scholars, and faculty members every year is a longstanding tradition. Awards are presented on Institute Day and Convocation Day to celebrate their achievements. These awards are made possible through the generosity of alumni and well-wishers, many of them have established endowments specifically for this purpose. The returns generated from these endowments are used to fund the prizes awarded to deserving recipients.
